The transitional Kenny collection is an updated take on a classic, mid-century modern design in our new, refined Sunrise Silver finish. A decorative, duallayered, geometric motif is stamped out of the steel frame which floats over a white linen shade to create depth and visual interest. The dramatically tall sconce features integrated LEDs behind the fabric, emitting gentle light, perfect for a media room requiring soft accent lighting.

The spun metal drum captures the richness of an antique patina with natural variations. Then, elevating the piece is a dynamic Clear Pressed glass diffuser with a subtle floral gesture, which is then highly polished to generate breathtaking sparkle for a wholly modern look.
